WOMEN OF AMERICA MUST HELP WIN WAR

The Battle Front

For two weeks the Hun has not attempted to move toward Paris or the channel ports, but has contented himself with bombarding the allied lines. Artillery duals have been in almost constant operation and trench raiding is almost a daily occurrence. It is reasonable to suppose that the Hun was hit so hard and his' losses were so great that he had to halt to reform his shattered divisions. At any rate, his losses. are known to have been terrific, he failed to break the allied line and has halted. How soon he will again attack, or whether he will awar attack in solid and overstatement to be true and correct.
Witness my bound and otherst seal this ment day of March, Otto.
Of T. NYR, County Clerk. whelming masses, as has been their custom, can only be conjectured.

The English and French avow the ability to hood the Hunnish hordes and feel jubilant over the long continuous stream of khakiciad Americans pouring into France. Just how many American soldiers are in France has not been given out, but suffice to say the greatest number of Americans ever gathered under one command are now facing the enemy on the battlefields of France and that enemy has already been made to feel the indomitable spirit of the Americans, their vigor, daring and intrepidity, which is an indication of what Fritz will get when our full quota gets into action. On the whole the allied cause is stronger now than when the big drive started March 21. and authorities tell us to look with optimism upon the final outcome.

640 Acre Surveys

Washington, D. C., May 12. Congressman W. B. Walton, who ever since he has been a member of Congress, has been working unceasingly to secure relief for those who made entries under the stock raising homestead act (commonly known as the 640 acre act) by having the lands in the state subject to entry classified, reports that such work is practically completen.

> Address DAVID R. BOYD, President ALBUQUERQUE, N. M.

Never in the history of the world has the demand been so great for trained men and women as now. A liberal education is the one sure foundation for efficient service.

Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. — had us get Cardui. . I began improving, and it cured me. I know, and my doctor knows, what Carduil did for me, for my nerves and health were about gone." women suffering from

TAKE

The Woman's Tonic

She writes further: "I am in splendid health . . . can do my work. I feel I owe it to Cardul, for I was in dreadful condition." If you are nervous, rundown and weak, or suffer from headache, backache, etc., every month, try women praise this medicine for the good it has done them, and many physicians who have used Cardul successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardul a trial.
